QUEST CENTER EXPANDS NON-OPIOID PAIN MANAGEMENT TO NEW CLACKAMAS COUNTY CLINIC.

Quest Center for Integrative Health

2901 E. Burnside St.

Portland, OR 97214

503-238-5203

Quest Center for Integrative Health proudly announces the opening of a new behavioral health clinic in Oregon City.

The Clackamas County location meets our ongoing effort to confront and treat the intertwined epidemics of chronic pain and opioid use disorders that impacts thousands of Oregonians every day.

Quest Center, in cooperation with Clackamas County Department of Health and CareOregon, brings three decades of service delivery experience to Clackamas County. Quest Center offers both effective non-opioid pain management and culturally sensitive substance use disorder treatment, offered through **Wellness, Integrity & Sustainable Health (WISH) Non-Opioid Pain Management Program** and **Finding & Sustaining Recovery (FSR) Substance Use Disorder Treatment Program**.

- **WISH** is an integrated medical and behavioral health program designed to treat chronic pain effectively and compassionately, predominantly through the use of non-opioid interventions.
- **FSR** is based on the belief that ALL people who desire to live clean and sober can achieve a life of health and wellness without the use of substances.

Grand Opening: Monday, March 19, 2018 at 10:00 AM. Tours and refreshments until noon.

110 Beaver Creek Road, Oregon City OR 97045.
